

# WINSTON CHURCHILL BEATEN BY FLOYD

## Republicans of New Hampshire Held Fierce Convention

**NINE BALLOTS WERE NEEDED TO DECIDE THE NOMINATION FOR GOVERNOR AND THE CHAMPION OF ANTI-RAILWAY PRINCIPLES WAS SECOND IN FINAL VOTE—PLATFORM RINGS TRUE ON ISSUES.**

CONCORD, N. H., Sept. 18.—Charles M. Floyd of Manchester was nominated for governor to night at the close of the hardest contest ever waged in a Republican convention in New Hampshire. Nine ballots were necessary before the choice was made, and three of these ballots were made void by more votes being cast than there were delegates entitled to seats.

Winston Churchill of Carlsbad, the novelist and leader of the recently organized Lincoln Republican club of New Hampshire, was Floyd's closest competitor in the final vote.

The result of the ninth and final ballot was: Charles M. Floyd of Manchester, 408; Winston Churchill, 356; Stephen H. Greenleaf of Portsmouth, 356; Stephen H. Gale of Exeter, 17. Total vote, 718. The platform endorsed the administration of President Roosevelt, commends the work of the fifty-ninth congress and congratulates the country "that Republican financial and industrial policies have brought unprecedented prosperity." It opposes any change in the tariff "which will undermine the Republican policy of protection" and indorses the action of the United States senate in passing the Gallinger shipping bill.

The remainder of the platform is devoted to state issues, upon which the campaigns of the candidates have been largely based. It urges strict limitation of the issuing of free passes by railroads, additional legislation to guard the purity of the ballot and legislation for the prevention of corrupt lobbying. The platform recommends that the next legislature consider the question of a change in the manner of nomination for office and also the question of placing in the hands of the people the direct election of railroad commissioners and some other state officers created by statute and now appointed by the governor and council.

## OKLAHOMA DISASTER

Two Cars Went Through a  
Railway Bridge.

Several Lives Believed Lost,  
But Not a Body Found—  
The Injured.

KINGFISHER, Okla., Sept. 18.—While it is believed that several lives were lost today when two cars of Rock Island train No. 12, northbound, went into the Cimarron river at Dorner, Oklahoma, because of the collapse of a bridge, not one body has been recovered and the only persons on the train positively known to have perished is Hana Littlefield, an employee of the Forepaugh-Sells circus, who was drowned.

The injured are: Mrs. Robinson, Enid, Oklahoma, bruised badly; Geo. L. Wright, Denver, badly bruised, head cut; C. W. Brown, Comanche, I. T. arm mangled; Mrs. C. E. Hushler, Dallas, Texas, badly injured; C. W. Bacon, Enid, Okla., arm dislocated; 8-year old child of Mrs. Kate Sells, Payne, Okla., strangled from effects of water, cannot live; Simon W. Byron, Freeman, shoulder dislocated, cut on head and neck; Engineer Dies, cut on head; W. H. Spitzer, Enid, arm sprained and fingers cut.

The injured are being cared for here. There were only nine passengers in the smoker at the time of the wreck. Of these all but three have been accounted for. William Douglas, the negro porter, is missing.

Troop Train in Collision.  
PORTLAND, Ore., Sept. 18.—A special dispatch to the Evening Telegram from Albany, Ore., says that the southbound train carrying a detachment of the Twentieth Infantry from American Lake dashed into a northbound freight five miles north of Albany today.

Engineer Bert Rose of the passenger train is seriously injured. About a dozen soldiers were injured, none seriously.

Cotton Broker Was Caught.  
PITTSBURG, Pa., Sept. 18.—Thomas W. Alexander, a cotton broker of Augusta, Ga., under arrest here as a fugitive from justice, left for home tonight. Lieutenant of Police Collins of Augusta, who will take him back, says the amount involved is between \$150,000 and \$200,000.

Railroads Must File Reports.  
WASHINGTON, Sept. 18.—No leniency, except in remote cases, will be accorded railroads in the matter of time within which they must file their annual reports.

## UNION LABOR CONVENTION

Made No Nominations for  
State Officers.

Kahn Renominated.—Beard  
Will Run for Congress—  
Prewitt Declines.

SAN FRANCISCO, Sept. 18.—The Union Labor convention made no nominations tonight, but accepted a resolution appointing a committee of five to confer with the Republicans and Democrats with the view of arranging a non-partisan judicial ticket. The convention decided to defer nominations until after a report had been received from the committee.

SAN FRANCISCO, Sept. 18.—Congressman Julius Kahn was renominated by the Republicans of the fourth congressional district.

SACRAMENTO, Sept. 18.—W. A. Beard, secretary of the Sacramento Valley Development Association, who was nominated for congress by the second district convention, has written a letter to the chairman of the Democratic state central committee, accepting the nomination and giving his reasons for so doing. Beard was absent from the state when nominated. As secretary of the development association, he has done excellent work, but the executive committee of the body met and decided not to stand in his way of accepting the nomination if he desired so to do.

SONORA, Sept. 18.—Judge J. E. Prewitt of Placer county, who was nominated associate justice of the court of appeals for the third district by the Democratic state convention, telegraphed State Senator J. B. Curtin today that he would not accept the nomination. No reason is given.

Must Pay for Tuition.  
SILVERCREEK, N. Y., Sept. 18.—Tobacco users and theater-goers among college students of Syracuse university must pay full tuition, according to an order issued by Chancellor James R. Day today, when college opened for the fall term. Nearly 1,000 free scholarships were given away to needy students last year.

PORTLAND, Ore., Sept. 18.—A Salem special to the Evening Telegram says that John C. Barnes was executed at the penitentiary at 1:30 o'clock this afternoon for the murder of William Graham in Douglas county, April 23, 1903. Barnes stated from the gallows that he was innocent of the murder of Graham and that he was being murdered and not executed.

## FEDERATION OF LABOR AND THE MAINE FIGHT

Executive Council Approved of the  
Campaign and Ordered It  
Continued Elsewhere.

WASHINGTON, Sept. 18.—The executive council of the American Federation of Labor today adopted the report of the labor representation committee regarding its participation in the political campaign and in that connection adopted a resolution advising the committee to continue its campaign for the attainment of the largest degree of success in the interest of the protection and promoting right and liberty of working people and the people generally.

The report of the committee refers to the participation of the committee in the campaign against the re-election of Congressman Littlefield of Maine, and says: "It is true that Mr. Littlefield has been re-elected, but by so small a margin as compared with his previous election that it has indeed been a great moral victory, and one which will have a salutary influence, not only upon the coming elections, but also upon the standing of congressmen in the future."

CHICAGO, Sept. 19.—The directors of the Postal Telegraph and Cable company at their annual meeting in New York today elected General Superintendent E. J. Nally a director and vice president. W. I. Capen now becomes superintendent.

A dispatch from Warsaw to the Jewish Chronicle states that in view of disquieting rumors the rabbis of Warsaw have recommended that the Jews do not attend the synagogue festival.

# SECRETARY TAFT AND PARTY WILL LAND IN CUBA TODAY

Quiet Reigns In Expectation of His Prompt Action on  
Arrival at Havana City

WHILE THERE IS HOPE OF PEACE BEING EASILY ARRANGED THERE IS NO DEFINITE UNDERSTANDING TO THAT EFFECT—WAR VESSELS EN-ROUTE AND PREPARATIONS FOR DISPATCH OF MILITARY EXPEDITION UNDER WAY—MINOR ENGAGEMENTS REPORTED—SPAIN IS PLEASED.

HAVANA, Sept. 18.—Notwithstanding some appearance of activity, no decisive progress was made today in the peace negotiations. A few peace seekers went westward in automobiles with the idea of reaching and conferring with Pinar del Rio province, and others visited Loguay de Castillo, the commander of the insurgent forces in Havana province. But the only definite thing reported is that the insurgents in the field are not willing to enter on negotiations until all the conspiracy prisoners shall have been released.

No Agreement Reached.  
While it is possible that those most largely responsible may reach a basis of agreement in time to present it to Secretary Taft and Assistant Secretary of State Bacon, who they have tomorrow, there is nothing to show that such a basis has been reached as yet, and there is evidence that if it has been reached it will not be accepted by the insurgents.

The rebels are more anxious to place themselves in a position which may be considered at least equally as strong as that of the government, and consequently they are more persistently active. General Moncal stated to the Associated Press that the important part of his mission was ended when he brought the leaders together. The liberals feel that they accomplished something in procuring the release of the alleged conspirators more recently arrested and in inducing a cessation of hostilities. Part of their leaders also remark on the fact that the cessation of hostilities was the act of the government.

Taft Will Begin Anew.  
While no acceptable basis of peace appears to have been suggested by either side, the impression is general that Secretary Taft will take up the work of peace-making with small consideration for past grievances, the main line being rather constructive measures for the future.

Isle of Pines Trouble.  
The newest feature of the revolution is the appearance of Americans from the Isle of Pines, complaining that officials of the courts of the Isle of Pines are searching the houses of all Americans for firearms and seizing all arms which may be found. The Americans there, both radicals and conservatives, are extremely wrathful over the action of these officials, especially so as the conduct of some of the natives lately had caused them to consider the necessity of having firearms within reach. They will appeal to Minister Morgan and Assistant Secretary of State Bacon for redress, and a recent United States naval vessel has been sent to the Isle of Pines to safeguard the lives and property of Americans.

Engagement Reported.  
Alfredo Zayas, president of the Liberal party, informs the Associated Press that Colonel Ayala, with 200 mounted men, attacked a rebel force near Pinar del Rio province. The rebels had one man killed and two wounded. A second attack was about to begin when Governor's brother, in the capacity of peace-maker, arrived from Havana and urged an armistice, which was speedily arranged. The government has no news of this engagement.

Government Forces, 2,000 strong, under the command of Colonel Betancourt, are concentrating at Mantanzas and it is reported that they expect orders to march toward Havana.

Since the return here of the military train the rebels are again destroying property of the Cuban Western railroad,

## CABLED BRIEFS.

SANTIAGO DE CHILE, Sept. 18.—The recently elected president of the republic, Don Pedro Nunt, was inaugurated into office today.

Guayquil—As the result of political ill feeling, the offices of several newspapers here have been wrecked.

Gibraltar—The United States second cruiser squadron, under command of Rear Admiral Browning, on route to the Far East, arrived today and exchanged salutes with the British second cruiser squadron. The American vessels are expected to remain for five days.

Bought Yale Alumni Weekly.  
NEW HAVEN, Conn., Sept. 18.—The announcement was made today that the Yale Alumni Weekly has been purchased by Clarence S. Day Jr., of New York City, class of '06. The managing editor will be Edwin Oviatt, '06, of this city.

Spencer Eddy Goes to Berlin.  
WASHINGTON, Sept. 18.—Spencer Eddy of Illinois, first secretary of the American embassy at St. Petersburg, has been transferred to a similar position in the American embassy at Berlin, succeeding H. Percival Dodge of Massachusetts, who has been appointed first secretary of the American embassy at Tokyo.

Railroad Paint Shops Burned.  
SEDALIA, Mo., Sept. 18.—The paint shop of the Missouri, Kansas and Texas railroad burned here early today. Eleven passenger cars, including the private car of Vice President F. F. Allen and the general manager of the company, were also destroyed. The loss is estimated at \$100,000. The cause of the fire is not known.

LITTAUER WILL NOT RUN.  
GLOVERSVILLE, N. Y., Sept. 18.—Congressman Littaer N. Littaer today declined to accept the Republican nomination in the new thirty-second congressional district. State Chairman Carey will be named.

NAPA, Sept. 18.—Miss Queenie McGuffey was found lying in bed dead early this morning. She had overthrown a bottle of chloroform which she was in the habit of using for headaches and the fumes had caused death.

FREICTON, N. B., Sept. 18.—Former Chancellor Harrison of the University of New Brunswick died today. He was one of the first professors under the Carnegie foundation in Canada.

# TYPHOON HAVOC IN HONG KONG PORT

Official Estimate Places Damage at  
One Million Dollars

HURRICANE CAME WITHOUT WARNING—LONG LIST OF  
LARGE VESSELS WHICH SUSTAINED INJURY—  
HEAVY LOSS OF LIFE AMONG THE NATIVE POPULATION—STREETS BLOCKED WITH WRECKAGE.

HONG KONG, Sept. 18.—A terrific storm broke suddenly here this morning, lasting two hours and destroying innumerable native craft and causing much loss of life. The harbor is literally strewn with wreckage and the streets of the city are blocked with debris.

An unknown steamer collided with the British steamer Strathmore, seriously damaging the latter.

The British steamer Loong collided with the British steamer Chip Sing, with slight damage.

The river boat Fatshang fouled the French mail boat Polynesien.

The British steamer Montague, the German steamer Signal, the German steamer Emma Layken, the British steamer Chongsha, the German steamer Szesz, the ferry boat and water boat were driven ashore.

The American steamer Sorsogon and the German steamer Johannes are awash.

A Japanese steamer is stranded at Kollat Island.

The British river gunboat Moorhen is leaking badly, one French torpedo boat destroyer is ashore, and two others dragged their anchors the entire length of the harbor.

The British steamer Empress of Japan was saved by the dock company's tug keeping her steady.

The steamer S. P. Hitchcock was driven high and dry on shore.

The British river steamers Kwong Chow, San Cheung and Sun Lee fouled. The French steamer Charles Hamilton was damaged. The little Chinese steamer Wing Chai was beached.

Numerous steam launches and lighters fouled and most of the wooden pilers on the water front are demolished.

## EXCITEMENT AT AVALON

Party of Excursionists Was  
Denied Landing.

But After Fierce Melee All Got  
Got Ashore Despite Ban-  
nings' Edict.

AVALON, Santa Catalina Island, Sept. 18.—The time-honored determination of the Banning company, owners, to prevent persons from landing on the famous resort island of Catalina unless conveyed from the mainland by the company's steamers, a stand which has led to spectacular fights on the beach and even in the surf from time to time, brought on an encounter today that threw Avalon into a state of high excitement.

The steamer San Diego, a privately chartered vessel, anchored in the bay this afternoon and prepared to land 14 passengers, mostly women and children. Superintendent Shaw of the Banning company roped off the shore line and, backed by a small army of employees, attempted to stand off the party.

Practically all of the San Diego's passengers climbed the gorda and got ashore. No one was injured in the melee.

Catalina Island, though forty miles from the mainland, is a portion of Los Angeles county, and the claim is made that in refusing general landing privileges the Bannings violate a provision of the federal constitution.

Thousands of people from all parts of the world visit the island every year.

AGRICULTURAL PARK  
IN LOS ANGELES CITY  
BELONGS TO THE PUBLIC

LOS ANGELES, Sept. 18.—Judge York of the Superior court of this county has just handed down a decision in the factional fight for the possession of Agricultural park in this city, which has been in the local courts for nine years. Judge York decided that the park, comprising 110 acres, and valued at \$750,000, is the property of the Sixth District Agricultural Association, the directors of which are appointed by the governor, in trust for the public.

PORTLAND, Ore., Sept. 18.—Demands for more cars, consequently additional motive power, caused by the enormously increased traffic and the opening of new lines, has necessitated the purchase on the part of the Harriman system of \$1,122,000 worth of equipment for the Oregon Railway and Navigation and Southern Pacific lines in Oregon, almost twice as much as was contracted for in 1905, when the orders represented \$550,000. This is the heaviest purchase in the history of the northwest division.

## VOLIVA WON IN ZION CITY

Chosen Leader By Virtually  
Unanimous Vote

Dowie Is Thus Made an Out-  
cast from the Organi-  
zation He Founded.

CHICAGO, Sept. 18.—Willbur Green Voliva was chosen today by the people of Zion City as their leader by the overwhelming vote of 1,917 to 6 for his opponent, A. N. Bliss.

The election was held under the orders of Judge Landis, of the United States district court, who was asked some time ago to settle the controversy between John Alexander Dowie, founder of the church, and Voliva as to who should have control of Zion City. Believing that the best way to settle the difficulty was to let the people of Zion City choose their own leader, Judge Landis ordered the election, and today's vote was the result.

The action of the Zionists today practically makes John Alexander Dowie an outcast from the religious organization which he established several years ago and which has now grown to large proportions. Dowie, who is in feeble health, refused to recognize the authority of the court in ordering the election and did not present himself as a candidate.

Out of the total vote of 1917 cast about half were cast by the women of the city, who went to the polls singing hymns, cast their votes, and then knelt in prayer at the door of the voting place.

DIAMONDS FOUND  
IN SAN DIEGO COUNTY  
AFTER MUCH SEARCHING.

SAN DIEGO, Sept. 18.—Diamonds have been found in San Diego county, which for some time has been producing all of the gem stones, except the diamonds and sapphires. The discovery was made by William Roark, and the recent gems have been subjected to every known test by C. O. McCarroll, superintendent of the Mesa Grande Gem Mining company, who says there is no doubt the king of gems has been found.

STANFORD UNIVERSITY, Cal., Sept. 18.—Dr. Frank Angell, chairman of the Stanford faculty athletic committee, has written a circular letter to the preparatory schools of California, urging them to adopt the game of Rugby football.

KANSAS CITY, Sept. 18.—Edgar C. Ellis of Kansas City was renominated for congress here today by the Republicans of the fifth Missouri district.

BANK COMMISSIONER'S REPORT  
HIBERNIA SAVINGS  
AND LOAN SOCIETY

San Francisco Cal., September 12, 1906.

At the request of the Board of Directors of THE HIBERNIA SAVINGS AND LOAN SOCIETY, we have this day finished an examination of the financial condition of said Society. We beg to notify the public that we find its condition absolutely sound and its management careful and conservative. Its loans in this city have been made upon a basis of 60 per cent of the market value of the securities, or less, and are all covered by a safe margin. Four-fifths of the loans secured by mortgage are due and may be considered as call loans upon which the Bank can realize at any time. Its bonded securities consist of approximately \$1,000,000 in United States bonds and \$4,000,000 in bonds of the highest character, while all of its call loans are amply secured. It is proceeding rapidly with the collection of its insurance and will, beyond any doubt, collect in the neighborhood of \$8,000,000 from the companies, which fully covers its claim against the destroyed improvements. Any alarm on the part of its depositors is wholly unreasonable. The Bank is safe, conservative and honest. So far as the Commissioners are able to ascertain the present needless alarm is due solely to idle rumor.

Attest: N. BLACKSTOCK, Bank Commissioner.

GOMPERS ON  
MAINE FIGHT

Was Merely Incidental to Big Struggle.

President Roosevelt Criticized Because Right to Petition "Is Sacred."

WASHINGTON, Sept. 18.—"That battle in Maine though closed at this time in the Second district, is not at an end. The contest was merely incidental to the task which labor has set itself to accomplish," said President Samuel Gompers of the American Federation of Labor last night at Typographical Temple, where a reception was given in honor of the labor leaders who fought against Representative Littlefield's re-election in Maine.

"Not only Mr. Littlefield but 'Uncle Joe' dared to reiterate that we stand for the licensing of criminal and unlawful conduct. We ask for equal rights before the law, as any other citizens. I have not in mind to say a word in criticism of the president other than this—the right of petition is the right of the American citizen, guaranteed by the constitution, and neither the president nor congress can take that right away from him. Labor is the only power in human society that represents the masses."

"Why did we begin the fight in Littlefield's district? Because the election was held there two months earlier than in the other states. If we had passed over this district, they would have said we were afraid. We were not afraid. We conducted a clean fight and used no arguments or language that might not have been repeated in polite society. The laboring people have outgrown the stooped back and reeling forehead of 'The Man With the Hoe.' They now stand erect. They are now waging a fight against capital and the white plague by securing better hours and higher wages they will find better conditions into which tuberculosis cannot enter."

FRESNO MAN IS  
A MODEST OPTIMIST.

Says It Will Be a Second Fresno in the Course of Time.

Mr. and Mrs. Joseph Vincent of Fresno, who have been the guests of Mr. and Mrs. Miller McPherson, went home Friday. Mr. Vincent is a former "Stanislaus boy," who has won distinction and a fortune in Fresno. He served a term in the State legislature as a member from Fresno county and later was assessor of that county. He was one of the pioneers of the Coalinga oil field and his dividends from that source are putting him on easy street. He owns about one-fifth of the stock of the Confidence Oil company, which has fourteen wells, one of which yields 500 barrels a day, and a water well that brings in a revenue of \$150 a month. The company recently purchased 100 acres more land in the Coalinga field and lately another company has developed an 800-barrel well on the line of this tract, enhancing its value a hundred fold.

Mr. Vincent has a hillside of peach orchard of about ten acres that he paid for in its third year \$108 an acre and in its fourth year \$432 per acre. During his visit here, he has gone about the country quite a little and as a result of his observations, he says, "There can be no question of success in these districts now. Modesto will be another Fresno." This from a man who knows our lands and climate as a native, and who grew up with Fresno almost from the inception of its irrigation era is something worth making a note of.—Modesto Herald.

A SICILIAN'S  
DOUBLE CRIME

Fearful Domestic Tragedy in Los Angeles Last Night.

Desperate Man Shot and Killed His Wife About to Become a Mother.

LOS ANGELES, Sept. 17.—Sam Cannalla, a Sicilian, living at 807 Castellar street, tonight shot and mortally wounded his wife, Mary, aged 19, who was about to become a mother; attempted the murder of his father-in-law, Antonio Gallo, and inflicted upon himself a wound, which though serious is not likely to prove fatal. He was arrested and charged with murder.

Domestic troubles led to the tragedy. Cannalla fired two shots at his wife as she reclined on a couch in their home. Both bullets entered the abdomen. At the receiving hospital when it was seen that the woman must die, an heroic attempt was made by the surgeons to save the life of the child, about to be born, the difficult and dangerous operation of laparotomy being performed while the mother was breathing her last. It was unsuccessful. Both mother and child died on the operating table.

After shooting his wife, Cannalla fired his pistol twice at Gallo, neither shot taking effect. The desperate man then put a bullet into his own body. It entered the neck and passed over through the mouth, tearing away in its course several of the murderer's teeth.

At the hospital, when told of their daughter's death, the aged parents of Mrs. Cannalla collapsed utterly and had to be given hospital aid.

IN SAN FRANCISCO

Former President of the Hibernia Bank Was One of the Pioneers of California.

SAN FRANCISCO, Sept. 18.—R. J. Tobin, one of the founders of the Hibernia bank and its former president, died at 12:15 o'clock this morning after a lingering illness. He formerly was a police commissioner and was one of the best known citizens of San Francisco.

Tobin was a native of Ireland, aged 78 years. He came to California in the early days and soon acquired a competence. At one time he served as justice of the peace and always manifested much interest in municipal affairs. He retired from active connection with the Hibernia bank about two years ago and for the last eighteen months had gradually been failing. His nephew, R. J. Tobin, is the present secretary of the bank.

In 1871 Tobin went to Europe. He was one of the first persons to enter Paris after the siege and was a witness to all the horrors of the commune. He was a charter member of the California Society of Pioneers, as well as of the Pacific Union club.

TERRORISTS  
DISCOURAGED

Russian Revolutionaries Modify Their Actions.

Arrests of Leaders Believed to Be Due to Treachery in Ranks.

ST. PETERSBURG, Sept. 18.—Disheartened at the capture of their principal leaders, of whom Vladimir Mazuri and a number of others have been executed, the "flying group" of the revolutionists, which seceded from the parent organization last winter and which has been responsible for almost all the important assassinations and robberies since the convocation of parliament, has voted to return to the fold and submit to the orders of the central committee. This step means certain regulation of terrorist activity because sentences which formerly were passed and put into execution by this irresponsible little group of scarcely 100 men hereafter will have to be approved by the central committee.

Members of the "flying group" are convinced that they have had a trailer in their ranks because of the arrest within the past fortnight of over half their number in various parts of Russia, which could have been brought about only by the possession of inside information. They suspect Belenoff, the leader of the band which committed the bank robbery in Moscow last March and who made such a marvelous escape from his captors while being brought back to Russia from Switzerland. This remarkable escape is best explained by the connivance of the police. It is rumored that Belenoff is in close hiding at the quarters of the Moscow secret police.

The Russian Bannier, the reactionary organ under whose encouragement the counter terrorist organization, which is charged with the murder of ex-Duputy Hertzenstein last July, was founded, is trying to establish in the death of General Trepoff another case of vengeance. The paper intimates that the late commandant of the imperial palace was poisoned. Jews here are linking the name of ex-Premier Count Witte with this intimation. Count Witte is more hated by the reactionaries than by the revolutionists.

Prefect Von Der Launitz has summoned the editor of the Russian Bannier to his office and warned him that the paper must be more moderate in its tone.

As a result of intercession by a deputation of Jews, Premier Stolypin has sent orders to the government of Sien that the persons arrested there following the recent massacre shall not be submitted to trial before the newly established drunthead courts martial.

MITAU, Sept. 18.—Lyndenberg and Kant, two of the most prominent revolutionary outlaws, have been arrested, tried by a drunthead courts martial and executed by shooting at the scene of their last murders. Before their execution Lyndenberg and Kant boasted of many murders. They were in receipt of weekly salaries from the terrorist organization.

ODESSA, Sept. 18.—Revolutionists today made an attempt to burn down the police prison here. They only succeeded, however, in partially burning the roof.

POSEN, Sept. 18.—The meeting of the convention of the Polish journalists scheduled to take place here, has been prohibited.

LONDON & LANCASHIRE  
INSURANCE COMPANY

Says It Will Pay All San Francisco Policy Holders 95 Cents on the Dollar.

SAN FRANCISCO, Sept. 18.—According to the officers of the Hibernia bank, the London and Lancashire Fire Insurance company has issued a notice that it will pay its policyholders who suffered losses in the San Francisco fire 95 cents on the dollar and have asked the bank to remove their concern from its list of insurance companies which are not meeting their obligations. The request of the insurance company is to be taken under consideration at a meeting of the directors of the bank.

The Hibernia bank directors say that the London and Lancashire company is perfectly solvent but that it has refused payment in full in a number of policies. On that account the Hibernia bank has refused to accept mortgages on property insured in the company.

The run on the Hibernia bank is completely over.

PACIFIC CURRENTS  
REPORTED CHANGED

Tokio Dispatch Is Held to Explain the Numerous Strandings of Vessels Recently.

NEW YORK, Sept. 18.—Shipping men were much interested today in a cable dispatch from Tokio which stated that the steamer Empress of China, on arriving at Tokio Sunday, reported that considerable changes have taken place in Pacific ocean currents. They regarded this as accounting for the stranding of so many steamers recently in the Pacific. In the vicinity of the Hawaiian Islands, the steamers Manchuria and Mongolia and the United States transports Thomas and Sheridan have met this fate.

## TERMINAL RATE WORK

Really Board Committeemen  
Urged to Action.

Do Witt Gray Asks All Effort  
Be Exerted to Get Just  
Freight Rates.

DeWitt H. Gray, chairman of the Fresno County Real Estate Board, has sent to each member of the recently appointed committee on terminal rates a letter urging him to do everything possible to aid the work and to attend all meetings the committee may hold. The really board appointed eleven members of its committee, which is to act in conjunction with the Chamber of Commerce or any other local organization that may devote its efforts toward securing terminal rates or more just freight rates for the community than are paid at present. Mr. Gray's letter follows:

"Dear Sir:—Having already been notified by the secretary of the Real Estate Board, you are no doubt aware it has been my pleasure and satisfaction to appoint you to act as one of the committee of eleven to direct the efforts of this community in an attempt to secure terminal railroad rates for Fresno, or should this fail, to suggest some plan of procedure whereby the enormous sums of money paid annually in excess of that earned by the actual freight service received might be saved to the people of this county. As yet I have received no assurance from you that you would be willing to accept this appointment as a member of the committee. I have, however, every confidence and expectation that you will see fit to do so, as you are aware of the fact that this is a movement which vitally concerns every citizen of Fresno who is loyal to her interests and anxious to see this city the leading distributing center in interior California. To accomplish this end means work and enthusiasm on the part of Fresno's solid, thoughtful, aggressive citizens.

"The only tax upon your time in this matter will be for regular attendance upon such meeting as the committee may find advisable. It was the desire of the general mass meeting held some months ago that this committee of eleven should act only in the capacity of a directing body. Whatever plan of action its members may determine to be the wisest is to be submitted to a general meeting of our citizens for their approval.

"As to the proper date for calling the first, or organization, meeting of this committee, I must be governed by the will of its members, and therefore would ask for a suggestion from you on this matter. It is imperative that the first meeting be attended in full by those appointed, as anything of a

half-hearted nature would necessarily be fatal to future success. "Awaiting your reply, at your earliest convenience, I am, "Very respectfully yours, "DeWitt H. Gray."

Electric Cars to Be Run Be-  
tween Visalia and Lemon  
Cove.

VISALIA, Sept. 18. The new line being steved on the Southern Pacific track south of Porterville and a big gang has been put to work laying them. As soon as needed, a large contingent of heavy rails will arrive. It is expected that the track will be in shape for the running of through trains about the first of the year, when the new passenger service between Los Angeles and San Francisco, via Fresno, Porterville, Visalia, Goshen and Fresno, will be inaugurated.

Poles are being placed along the track between Exeter and Visalia and will be erected shortly. Electric trains will be run between Visalia and Lemon Cove, between Exeter and the latter point the poles are nearly all in place. It is expected that electric cars will be running within the next few months.

## QUIET DAY IN JUDGE BRIGGS' COURT

Vagrancy and Drunkenness Only  
Cases.

In Judge Briggs' court yesterday morning five men arrested the previous day came up for sentence.

C. P. Needham was arrested by Policeman McCall for disturbing the peace. He was given thirty days.

Thomas White, on a charge of vagrancy, was sentenced to ten days, with the alternative of \$10 a day. Policeman Fair rounded him up.

Carl Lindestrand was the only one up for drunkenness. Patrolman McCall found him and with the help of a transfer wagon brought him in. Lindestrand got ten days.

Two vagrants, John Lorenson and Joe Brown, were jailed by Patrolman Van Meter. Each was sentenced to ten days.

Joe Gibson, wanted in Denver on a charge of grand larceny, was brought in by Deputy Sheriff McSwain and will be held for the Denver officers.

**HARRIMAN TO GET  
BALTIMORE & OHIO**

Kuhn, Loeb & Co. Confirm the Rumors, But Say Deal Is Not Complete.

NEW YORK, Sept. 18.—A representative of the firm of Kuhn, Loeb & Co. said today that the report that they had sold to the Union Pacific Railroad company the stock of the Baltimore & Ohio Railroad company, which that firm purchased from the Pennsylvania Railroad company, is premature. Negotiations for the sale are under way, but not completed, Kuhn, Loeb & Co. announce.

This announcement is the first official statement in confirmation of rumors current in Wall street for some time to the effect that E. H. Harriman was seeking a large interest in Baltimore and Ohio. With their large holdings in Chicago & Alton and the control of Union Pacific and Southern Pacific, the acquisition of Baltimore & Ohio would give the Harriman interests control of a railroad line from the Atlantic to the Pacific.

Harriman and his associates also would have a voice in the affairs of Reading, a large block of that company's stock being held in the Baltimore & Ohio treasury.

Wall street is interested in the method to be adopted by the Union Pacific Railroad company to provide funds for the purchase of the Baltimore & Ohio road. It is estimated that complete control of the road will cost about \$120,000,000.

A NASTY MESS.

The action of the chief of police, in authorizing the reopening of the tenderloin district, again imposes on the newspapers the unpleasant duty of printing the facts of the changed policy. We say "unpleasant duty," because nobody would suppose that any newspaper prints tenderloin news for the fun of the thing. It would be much pleasanter to enter into the "conspiracy of silence" which has been urged on the papers by representatives of the tenderloin, of the churches, and of the city administration, if it were not that the newspapers know too well the things that stand ready to be done the instant the measure of publicity is withdrawn. The Republican has not advocated or opposed any tenderloin policy. It has simply seen to it that those whose business it is to determine such policies shall undertake none for which they are unwilling to stand responsible, and that they shall take the responsibility of whatever they do. In a matter in which no limits of law, reason, morality or consistency are observed, it is certainly little enough that the exercise of authority shall be confined to those policies for which the authorities are willing to stand responsible.

Any new policy, in such a matter, is of necessity a nasty mess. All cities which have such muck-heaps in their midst must sooner or later endure the stench incident to their removal. It is perhaps a high price to pay, but not too high, provided it is paid only once. Fresno has already paid it twice, and gained nothing but the additional stench incident to twice shoveling the same old muck-heap back again where it came from. That makes four stenches, with a fifth one in prospect, whenever any administration shall have the courage to tackle the matter again and finish the job. Now, whatever anybody's opinion of the timeliness of the move, when it was taken, or of the very mixed motives by which it appeared to be inspired, there is certainly justice in the demand that when such a policy is undertaken it shall be carried through. For the time being, the chief effect of such a reform is to expose a lot of evil that ought otherwise have been kept quiet. Unless something is to be done to remove the evil, it might better not have been exposed. Such things should be carried through, or else not begin.

Mayor Lyon has repeatedly announced his policy of keeping the former illicit district, and all others which might spring up in its place, closed during his entire administration. One such district, just outside the city limits, was promptly suppressed by the county authorities, said suppression taking place the day after the Republican printed the facts. If Mayor Lyon will see to it that his chief of police carries out the mayor's announced policy, there will be no tenderloin news in the papers, because there will be no tenderloin. If, on the other hand, he chooses to permit a reversal of that policy, that reversal and its execution, until accomplished, are matters that can not be concealed, and that somebody must take the responsibility for. Then, when the new regulations are in operation, if they really regulate, there will be no tenderloin news to print, because none will be permitted to happen. The way to keep the tenderloin quiet is to keep it quiet. And the quietest possible condition is that of non-existence. The worst possible policy, from the standpoint of avoiding publicity, is this one of continually putting on the lid and then taking it off.

A FOOTBALL CHANGE.

President Benjamin Ide Wheeler, of Berkeley, and Dr. Frank Angell, chairman of the Stanford faculty athletic committee, have both written letters to the high schools and preparatory schools of California, urging them to adopt the Rugby football game, rather than either the old or the revised intercollegiate game. The Rugby game is to be played in future in Stanford and Berkeley, and boys going to these colleges will be athletically handicapped if their preparatory training has been in some other game. It is also

certain that by next year, at latest, and probably this year, the Rugby game will be adopted by the majority of the high schools. Inter-school contests will therefore be in this game and championships will be Rugby championships. If the change is not made by all the schools at once, those which make it first will be at a serious disadvantage by inexperience. On the other hand, if all make the change now, all will be equally inexperienced, and there will be no unfairness. The only difficulty is the transition to a new and generally unknown game. That difficulty will be the less, the sooner it is met. So, even from the standpoint of mere championship aspirations, it is to be hoped that the schools will generally and promptly accept the advice of the athletic committees of the universities.

From the really more important standpoint of inherent merits of the two games, there is no doubt at all that Rugby should be preferred. Rugby is more fun, for players and spectators, better exercise, better training, and safer. It is pre-eminently better for boys of high school age. Intercollegiate football is a game for hardened athletes, if for anybody. Now, there is no possible process of making a hardened athlete out of a high school boy except one which will take longer than his high school course. He will not be ready to play intercollegiate football until he gets into college—and there he will find they are no longer playing it. Rugby, on the other hand, is a good game for both ages and for everybody. Let it be adopted, generally and promptly.

THE LIMIT IS REACHED

Fresno County Taxes Highest in the State.

Sacramento Bank as Consequence Raises Its Rate of Interest.

Fresno has the highest tax rate of any of the twenty-one counties in which the Sacramento bank has branches. That statement was made yesterday by Alex Gordon, who came over yesterday from a trip through Kings and Tulare counties, where he had been looking after the interests of the bank. When he read in yesterday morning's paper that the tax had been fixed on the basis of set outside the city, he expressed his indignation in no uncertain terms. He said that the bank is probably the largest single lender of money in this county, having now loaned on Fresno county bonds about \$1,300,000. On account of the high taxes in the county and the small prospect of their soon becoming lower, the bank has found it necessary to raise its gross rate of interest from 8 to 9 percent in order to guarantee itself a certainty of a net rate of 6 percent during the life of its loans.

Mr. Gordon points out that the rate in Sacramento, which has always been regarded as about the most extravagant government county in the state, is \$1.95. Fresno has gone even that one better and now has the highest taxes of any of the twenty-one counties in which the Sacramento bank does business. The rate in Kings county is \$1.60, in Tulare \$1.65, in Yuba \$1.45, in San Joaquin \$1.60.

The high rate this year, Mr. Gordon points out, is in spite of the fact that the state tax rate is lower than normal. This low state rate cannot be maintained permanently. It was held down this year by main strength as a bluff. The earthquake damages must be repaired and the earthquake losses paid, and the state will necessarily have to raise taxes enough to pay these claims. If the high local taxes are continued and the increased state taxes added to them, the rate next year and the year after will have to be even higher than this year.

Mr. Gordon urges economy in local government. It is absolutely necessary to get the necessary "improvement" reasonable tax rate for the reputation and prosperity of the county. A county as rich as Fresno, says Gordon, with twenty million dollars a year in products can stand a very great degree of extravagance and has been standing it, but there is a limit even to what Fresno can stand and that limit is being approached. The Sacramento bank, Mr. Gordon says, was compelled some time ago to withdraw its business from a county on account of the high rate of taxes and the wasteful manner in which taxes were expended. "The bank has no intention of withdrawing from Fresno county," but the rate of interest had to be advanced and this, says Mr. Gordon, should bring home to everybody a realization of what high taxes mean to the prosperity of a county.

Of the bank's loans \$600,000 is out under a grass in which the bank will stand directly the increase in taxation. On these loans this year, this bank alone will have to pay \$1200 increase in taxation.

**LONDON & LANCASHIRE INSURANCE COMPANY**

SAN FRANCISCO, Sept. 18.—According to the officers of the Hilbernia bank, the London and Lancashire Insurance company has issued a notice that it will pay its policyholders who suffered losses in the San Francisco fire 25 cents on the dollar and have asked the bank to remove their names from its list of insurance companies which are not meeting their obligations. The request of the insurance company is to be taken under consideration at a meeting of the directors of the bank.

The Hilbernia bank directors say that the London and Lancashire company is perfectly solvent but that it has refused payment in full in a number of policies. On that account, the Hilbernia bank has refused to accept mortgages on property insured in the company.

The run on the Hilbernia bank is completely over.

ODELL DEFEATED; MURPHY A VICTOR  
Results of Primaries In New York's Precincts Conclusive

CONGRESSMAN PARSONS WILL HAVE CONTROL OF REPUBLICAN PARTY—ROOSEVELT SENT CONGRATULATIONS—MURPHY RETAINS LEADERSHIP OF TAMMANY AND MAY NOMINATE HEARST FOR GOVERNOR OF NEW YORK.

NEW YORK, Sept. 18.—In a bitter clash of opposing factions in today's primary election in New York, Congressman Herbert Parsons, president of the New York county committee, won a sweeping victory for the control of the Republican organization, and leader Charles F. Murphy of Tammany held onto his position at the head of the organization by a narrow margin.

The Parsons victory in the Republican party was a complete rout for the faction led by State Chairman B. D. Odell, Jr., and Samuel E. Quigg. Parsons had the backing of President Roosevelt and Governor Higgins. He telegraphed to the president at Oyster Bay tonight telling him of the victory and received Roosevelt's warmest congratulations.

"This means," said Parsons tonight, "that Odell will not succeed himself as state chairman."

In the Democratic battle Murphy held the fight of his life. The friends of Mayor McClellan had banded together to wrest the control of Tammany hall from Murphy and were very nearly successful. While Murphy is accredited with a victory on the face of the returns, some of the leaders recorded as Murphy men are not pronounced in their affiliation and may swing the result around when the first really comes in the county convention.

The results of today's primaries in this city were awaited with great interest, for upon them depended much as to the control of the state, and they were also regarded as having a national influence.

The success of Parsons means that

the Republican state convention to be held at Saratoga September 25th will be controlled by the friends of Governor Frank W. Higgins. Whether or not Governor Higgins will be a candidate for renomination has not been announced.

The effect of leader Murphy's slight margin of victory at the Democratic primaries is somewhat problematical. Murphy has been regarded of late as friendly to the nomination of William R. Hearst for governor. If he can control the Tammany convention he may obtain a unit rule and throw all the 105 Tammany votes to Hearst in the Buffalo convention.

Mayor McClellan, who has been fighting Murphy for the Tammany control, has been outspoken as an advocate of the nomination of District Attorney W. T. Jerome for governor by the Democrats.

In Kings county, (Brooklyn) Senator T. H. McCarren retained control of the Democratic organization.

Timothy Woodruff, formerly lieutenant governor and friend of Governor Higgins, was out for the Republican control in Kings by a big majority against Michael D. Daly. Woodruff also has the support of President Roosevelt.

Full returns from all the Republican districts in New York county at a late hour tonight showed that Congressman Parsons' candidates had won twenty-three districts, as against eleven for Odell and Quigg.

The full returns from the Democratic balloting show that Murphy carried nineteen of the thirty-five districts in New York county and McClellan sixteen.

THESE ONIONS ARE SURE PRIZE WINNERS

A. B. Price, who farms on the Laguna grant, twelve miles west of Laguna, yesterday brought to the office of W. E. G. Saunders in this city a sack of prize onions. There were just 90 onions in the sack, the total weight being 100 pounds, the onions weighing on an average of over a pound each. The prize onion of the sack weighed 22 ounces and measured nearly six inches in diameter. The onions are of what is known as the "silver skin" variety, or in other words white onions. Mr. Price has several acres of them and the yield was immense.

YOUNG LADY WINS SCHOLARSHIP PRIZE

Miss Bessie Holsinger of Laton has been declared the winner of a prize offered by Laton High school students by the W. E. G. Saunders. The prize was the choice of \$150 cash or a scholarship in a business college, and was offered for excellence in scholarship. The decision in Miss Holsinger's favor was made by T. M. Marshall, the principal of the school. Miss Holsinger chose the cash prize. She intends to enter the university when her school course is finished, and will use the money to help her in her college expenses.

BYRON FINISHED HIS NORTH CAROLINA TOUR AND PASSED ON SOUTH

CHARLOTTE, N. C., Sept. 18.—Closing a two days' tour of North Carolina, in which he made speeches in a dozen towns and rear platform talks in half as many more, William F. Bryan closed his engagements in this state tonight with an hour's talk in Charlotte and passed on to Columbia, S. C., where he will speak tomorrow. Four thousand persons heard the Nebraskan here.

Urges the Rugby Game. Why "Jackies" Are Barred.

WASHINGTON, Sept. 18.—Secretary Bonaparte has received a letter which endeavors to explain why sailors are refused admission to dance halls and other places of amusement, such as skating rinks, etc. The writer informs the secretary that men in uniform prove so much more attractive to the ladies that the civilians are "cut out" and thereby much aggrieved.

Famous Grafting Case Reopened.

CHICAGO, Sept. 18.—The case of Oberlin M. Carter, formerly captain in the corps of engineers in the United States army, was reopened today in the federal court before Judge Kohlson. The issue in the present hearing is an attempt by the government to recover from Carter \$1,000,000 which it is claimed he stole while in charge of work at Savannah, Georgia.

Hayashi Will Resume Post.

TOKYO, Sept. 18.—It is semi-officially announced today that Viscount Hayashi will forthwith resume the office of foreign minister, which he resigned recently. It is believed there is now a complete understanding between him and Premier Saionji.

CHINA, Sept. 18.—Revolutionists have made an attempt to burn down the political prison here. They only succeeded, however, in partially burning the roof.

CALIFORNIA ITEMS.

SAN FRANCISCO, Sept. 18.—The agents of the Pacific Mail Steamship Company today received a message from Honolulu stating that the Manchu had been loved alongside of Blackfield's wharf where she will be repaired before attempting to come to this city.

Los Angeles—Theodore P. Lukens, United States supervisor of forest reserves, in charge of the San Bernardino and San Gabriel reserves, has resigned. He will be succeeded by R. H. Carlton.

Los Angeles—The hot wave that struck Southern California continues today. The thermometer has reached 104, about the highest of the year.

San Diego—This has been the warmest day that San Diego has seen since December, 1904. At noon today the thermometer reached 90 degrees with the relative humidity 18 percent.

Redwood City—The county tax rate has been fixed at \$1.55. This is about 40 cents lower than last year and the lowest rate for a period of twenty years.

Berkeley—August Bullade, convicted of selling liquor without a license, was today fined \$500 by Judge Edgar. This is the heaviest fine the law allows. The case has been appealed.

Redwood City—The board of supervisors has received bids on a \$120,000 issue of bonds voted last month for the repair of the courthouse. The bids were from Rollin & Co. and from the San Mateo bank, which secured the bonds at a premium of \$100. The bank took the bonds in the interest of local capitalists.

PACIFIC CURRENTS REPORTED CHANGED

NEW YORK, Sept. 18.—Shipping men were much interested today in a cable dispatch from Tokyo which stated that the steamer Empress of China, on arriving at Tokyo Sunday, reported that considerable changes have taken place in Pacific ocean currents. They registered this as accounting for the stranding of so many steamers recently in the Pacific. The steamers Manchu and Mongolia and the United States transports Thomas and Sheridan have met this fate.

"A Study in Brown"

Have you seen the window in which the various colors of brown are displayed?

It is all there in a nutshell—the different shades and the way they're combined in the leading styles of suits for early fall wear.

Quite an artistic showing and gives one a very good idea of the beauty of one of the most popular colors.

You're missing a great deal if you don't see the window. If you are in doubt as to the becomingness of brown, step in and try a suit on. We'll be glad to have you.

### ANOTHER BIG HOUSE GREETS ELLEFORDS

"For Her Children's Sake," a Melodrama, Scores a Hit.

The Ellefords had another crowded house last evening when they presented the successful melodrama, "For Her Children's Sake." The piece proved to be a most interesting one and those who were not present missed a dramatic treat. The story is entirely on new lines and contains some new and novel situations which were fully taken advantage of.

Act third, the interior of the Winter Circus, was complete in every detail as it is carried by Ellefords. The play gives the clever Osborne children a chance to display their versatility and they are certainly the cleverest juvenile duo ever seen on the local stage. One of the hits of the evening was the specialty of Miss Mattie Lloyd, who in the circus, in which she was assisted by George Hernandez, singing "Not Because Your Hair is Curly." The play gives all the company a chance to do some very neat work and all the members gave good accounts of themselves.

**Black Bass in Cold Slough.**  
 The black bass that were planted in the King and San Joaquin rivers and their tributaries in this county four years ago have greatly multiplied and excellent fishing is reported in the Cold Slough near Laton. A party of Fresno boys made a trip there last week and between them over a hundred fish were caught. They report the fish as being very game and great sport. All the fishing was done with spoon hooks, which proved so successful that others were not tried. Several other parties are planning to make the trip this week, and as long as the fishing holds good this will be a favorite spot for Fresno anglers.

## FRESNO CLUB HOME IN WEEK

Opens Next Wednesday Against Seattle.

A. B. Evans Discusses Conditions the Local Team Has Had to Face.

The Fresno ball club will be home next Wednesday and will open the first week's series here with Seattle. This week the club is at Portland. The first game with the Webfoes was played yesterday and ended with Fresno at the short end of a 3 to 2 score.

The directors of the club held a meeting last night and discussed business affairs. There is no denying the fact that the Fresno team has been a heavy financial loser all season. On the road, being at the bottom of the heap, it has not drawn as well as some of the other clubs, though as a matter of fact all have lost away from home. Fresno has been on the road more than any other club in the league. When away from home a team takes the small share of the gate receipts, and players are entitled to their expenses. Expenses of players and railroad fares have almost consumed all of the Fresno team's small per cent of the small gates that have characterized the league games practically all season. Money is needed and needed right now to help the team along and an effort will be made to raise a substantial amount within the next week.

"Despite the fact that we have a losing team," declared A. B. Evans, president of the club last night, "I think Fresno has derived more actual advertising out of this baseball team than out of anything else in the advertising line that money has been spent for this year. For that reason, if not for the love of loyalty to wanting to see the club stick to the finish and ready to take up the battle next year, we ought to have liberal support."

"Hammers have been busy at late because the club is losing. That it should lose is unfortunate, but there is only one thing to which the lack of success can be attributed and that is the lack of funds. It takes money to run a ball team and it takes money to buy players. Many people kick at Fisher, who is now being runated by the sporting writers who, when he was successful as a manager, touted him as a wonder. Fisher has done as well as anybody could do. Many people cry, 'Get Charles Graham.' We are as willing as anybody to get Graham, and all we want is the money. Boston will sell him to us for \$3000. Of course, even after we get him there would be the possibility of losing him by draft immediately, and that would bring us \$1000, a loss of only \$2000."

"Before we got the franchise a mass meeting of fans was held in the Chamber of Commerce and practically \$10,000 was pledged to float the team. On the strength of that pledge I went to San Francisco and in company with several others I went to get the franchise. The \$10,000 did not materialize, in fact we did not get half of it. The consequence has been that the members of the board of directors have dug into their pockets time after time this season. Had the money originally pledged been secured, we

## A SNAP IN BLACK SILKS

### At \$1 Per Yard

36-inch black taffeta silk. Our New York buyer lately picked-up what we consider the very best of reliable black silk at our price which ever came to the coast. We are thus enabled to offer a good \$1.25 value at the above price. We are sure it will please the most exacting of our patrons and we invite your early inspection.

### At \$1.19 Per Yard

This is a splendid number of a 36 inch extra quality black taffeta silk, retailed in the foremost stores at \$1.50 per yard, but purchased in connection with other lines we obtained the advantage of a good price reduction and place this beautiful silk before you.

### At \$1.59 Per Yard

A third number consists of two pieces of a quality which defies all description and nothing like it was ever shown here before. It is a soft quality of the highest grade with a finish and lustre so exquisite that it will win the admiration of the ladies at a glance. The value of this silk is readily \$2.00 a yard, but having bought it to such advantage we offer it at price...

## RUBEROID ROOFING STANDARD FOR FIFTEEN YEARS

Ruberoid is the pioneer weather-proof, elastic and fire resisting roofing. Different from and superior to all other prepared roofings, in that Ruberoid Compound, a patented combination of high-class water-proof acid and fire-resisting ingredients is used exclusively in its manufacture and is employed in no other roofing. The iron or shingles will not last as long as Ruberoid, which is, moreover, much less expensive. Ruberoid obviates the danger of rust, rot and corrosion. Does not require painting when applied. Costs little or nothing to keep in repair. Briefly, it is the most economical roofing made.

No special skill is required in its application. We supply with every roll sufficient nails, the caps, cement and full directions. Any handy man can do the work.

# Advance Autumnal Fashion Hints From Paris

Some of the Changes That Will Be Made In the Mode  
and Some of the New Ideas That Will Prevail

PARIS, Aug. 11.—A lot of smart Parisiennes who are supposed to be spending the summer at fashionable resorts are in reality taking cures at out of the way places to reduce their too solid flesh. This very avowedly is certainly the deadliest of sartorial sins just now, and the supremest of sartorial virtues is to be slender. Why, even silencers are less a disadvantage than they used to be, the vogue for high evening dresses having lessened, though, of course, it could not banish, the occasions for the anatomical revelations of the décolleté bodice. And how much we are learning by this vigorous thrashing out of the subject of adipose tissue and the experiments that are going on for its reduction and destruction! While one patient is experimenting with radium light baths another is testing the merits of some system of gymnastics or deep breathing, and still another victim is investigating the effects of a rigorous diet or a much restricted medicine. I am inclined to think that the question resolves itself into a matter of individualism.

Light baths that will make a skeleton of one will put even more flesh on another, and dieting, deep breathing and the like are not all infallible treatments. Once upon a time the stout resigned themselves to their fate and looked upon this accumulation of fat in their anatomy as something to be borne with resignation. That theory is not good enough for the modern, who is not prone to resignation and looks upon adipose tissue as something to be wrestled with or, better still, to be prevented. It is, too, looked upon not only as a sin against beauty of form, but as something indicating mischief inside.

Probably there is only one universal remedy for reducing superfluous flesh—the simple exercise of walking. The rake for the motor car is not in its favor, and the rush and pressure of our modern existence make it so difficult to devote time to walking that only the most determined spirit takes the time for this best and cheapest of all cures.

Looking around one is convinced that the day of small waists is approaching rapidly. I mean the affected small waist, for I have known only about three women with naturally diminutive waists. They are very attractive, these hourglass dimensions, I grant, but the woman whose they are is produced by any degree of pressure is a positive misery to me.

For all practical purposes, for everyday life and its clothes in any vogue that may reign supreme, the moderate waist does very well. And, after all, it is not the actual inches that really signify. It is the roundness of the waist and the curves of the hips and the way the figure is held in below it and carried up above it that tell. And where the waist comes not too long nor too short—that, again, is of so much importance—and the way in

which the figure "goes in" at the back of the waist too. If it is too large be careful not to draw attention to it. Never let your belts or sashes attract notice by reason of their cut or color, and if you have a waist that "wants keeping down" arrange the belt in a slight point in front. Do not wear a tight corset, and avoid folded belts, buckles that glitter, bunches of charms and suspended purses.

Here is a golden rule for an apparently small waist: Tighten your corsets if you must tighten something, but never, never put on anything above those corsets that is anything but a moderately close fit. As for skirts, they should be almost loose, only be sure they are fixed so they do not sag at the back. That spells disaster with the biggest D you can write.

But I am sure you are even more interested in bargain buying, and Paris during August is a veritable treasure house of these, as the English say, "covetable possessions." Consequently I will treat you to some hints and warnings. For if you are going to bargain land you want a string of don'ts

## BEER IS NOT A ALCOHOLIC DRINK

An Eminent Scientist Says It Cannot Properly Be Called Such.

In view of the increasing popularity of beer, it is interesting to note what the really eminent modern scientists say of it. There has been, and still is, in certain quarters, a prejudice against beer, but this prejudice, like many prejudices, is based on ignorance. Beer is not a "liquor," as it is frequently called by uninformed people, and it is not an intoxicant. Of course it is possible to drink too much beer, just as it is possible to eat too much meat, but the proper use of beer is declared by eminent doctors to be beneficial to the health.

Dr. E. Struve of Berlin, a well-known scientist, says: "The specific characteristic of beer is not in its alcoholic property. Modern techniques in beer brewing have a tendency to reduce the amount of alcohol in beer and to correspondingly increase the proportions of extract. Owing to the small amount of alcohol in beer, the same can not properly be called an alcoholic beverage."

Pabst, for sixty years, has been the leader in all scientific developments in the art of brewing and today Pabst Blue Ribbon Beer is the recognized superior of all beers, richest in the extracts (food elements) of which Dr. Struve speaks, absolutely pure and clean and low in its percentage of alcohol.

Pabst Blue Ribbon Beer is so rich in food elements because brewed only from Pabst exclusive eight-day malt. This malt is grown from best selected barley and grown slowly, in Nature's own way, thus retaining all the vital food strength of the barley. It gives Pabst Blue Ribbon the highest food value and makes it most nourishing. The very small percentage of alcohol in Pabst Blue Ribbon, only three and a half per cent, serves to stimulate the digestive activity of the stomach. Pabst Blue Ribbon, the most beautiful beer, the choicest of bottled beers, is the beer for the home.

## REV. PECK'S ACCOUNTING

Growth of Methodist Church Under His Stewardship.

Final Report Made to Quarterly Conference and Bishop.

The Rev. Harcourt W. Peck, pastor of the First Methodist Episcopal church of Fresno, presented his annual report last evening at the meeting of the bishop and church officers in quarterly conference.

Since Rev. Peck's coming to Fresno, great strides have been made in extending the church's influence throughout the city, and much has been done in a material way, as his report will show.

While here the Bishop will take up Rev. Peck's application to be transferred to another pastorate.

The pastor's report is as follows: **SUNDAY SCHOOLS**—We have five Sunday schools under the care of the church, as follows: First M. E. church, cradle roll, 70; primary department, 150; intermediate and senior departments, 145; home department, 118; Florence chapel, 70; Bethel chapel, 55; Epworth chapel, 70; Orphanage Sunday school, 30; total enrollment, 733; total average attendance, 411.

**JUNIOR EPWORTH LEAGUE**—During the year, the Junior League has had an enrollment of 176. It has had ten assistant superintendents who had charge of the senior, intermediate and primary divisions of the juniors, under the personal supervision of the pastor. Great good has been done in instructing the children and young people directly from the Bible, and cultivating their heart life. It is

## Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

**Mother's Friend**  
The Bradford Regulator Co., Atlanta, Ga.

with great regret that the pastor serves his connection with the warm, earnest-hearted ladies and ladies of the Junior League.

**EPWORTH LEAGUE**—The league has a membership of 118, with an average attendance at its spiritual meetings of 65. The league in many ways has done well, and we believe that it will do still better. Many of its members work in the mission chapel, and two of its members act as assistant superintendents for the juniors.

**WOMEN'S HOME MISSIONARY SOCIETY**—The Woman's Home Missionary society has raised \$71 this year for missionary work, as against \$32 last year. It is not a large increase, but it shows an upward tendency, and speaks well for the little band of ladies who have so faithfully stood by its work. It ought to have the support of all the ladies.

**WOMAN'S FOREIGN MISSIONARY SOCIETY**—The Woman's Foreign Missionary society has had a splendid year. Last year they contributed \$64 toward the work. This year they will have about \$200 for their foreign work. They are a zealous, enthusiastic band, and the church has reason to be proud of them.

**LADIES' AID SOCIETY**—This society certainly carries off the palm for results this year. With a courage that most men fail to have, they undertook to carpet the church. They have given us a splendid carpet costing \$1300 and, best of all, it is paid for. They have also expended over \$200 for other things, and have \$210 in the treasury. The pastors do well to look up members of the Ladies' Aid for stewards.

**DEACONESSES**—During the year Miss Ada Bishop has faithfully and well served this church as deaconess. She has been of very great assistance to the pastor, and an invaluable counselor to the young Christians, and an aid to all the different societies coming within the range of her work. She is now enjoying a well earned holiday.

**BENEVOLENCES**—These are still being collected in by the committee in charge of that work. We have not reached up to the amount asked of us by the church in general, but I hope to be able to report to conference a large increase over last year. We ought

to have a large gain due to the fact of a large increase in membership.

**IMPROVEMENTS**—This year W. W. Wharton, president of the board of trustees, reports \$3238 paid out on new buildings and improvements. Of this \$1500 has been paid for lots and the new Bethel chapel; \$50 for painting Florence chapel, and the balance for carpet, two pianos and the like in the First church.

**GENERAL FINANCIAL SITUATION**—Nearly \$6500, counting in the benevolences, has been raised so far this year, and the outlook is that when the conference year is closed, this church will have raised over \$7000. It is a very creditable showing, and those handling the finances are deserving of much credit.

**MEMBERSHIP**—Last year we received into First church 273. So far this year we have received 171, or a total of 444 new members and probationers during the two years.

The church had 405 members and 27 probationers, when I came. Our losses by death, removals, and removals without certificate, etc., have been heavy, but we have still 715.

**CLOSING WORD**—The pastor and family wish to again thank you and the membership for many and kindly words and deeds received at your hands at the close of another year of service, and wherever they may be will ever have very kindly memories of First church of Fresno.

Faithfully yours,  
**HARCOURT W. PECK,**  
Pastor.

## SOCIETY

One of the first fall weddings was solemnized last night, when Miss Iva Johnson, daughter of Dr. LaMont, was united in marriage to Mr. George Hadden Millard, of Calaveras avenue, at 8 o'clock, and was witnessed by about thirty of the most intimate friends of the bride and groom. Since her two years' residence in Fresno, Miss Millard has won recognition as a reader of natural gift and high intellectual attainment. She has been greatly in demand at all the best entertainments of a musical and literary nature, and has done much artistic work, which has given her an advanced standing in her profession. Aside from her public career she has been a valued member of the Wednesday club, and has made friends easily by her gracious manner and ready sympathy. Her engagement to Dr. Willson has dated back to college days some five years ago, when they visited mutual friends on a vacation. Dr. Willson has lived in Fresno for the past two years, where he has been most successful in his profession and made many friends.

The house decorations for the wedding were very attractive, masses of greenery in the varying shades of light and dark banded the mantel in the living room, where the ceremony took place. The stairway balustrade was hidden with graceful orange branches, whose glossy leaves are most effective in decoration. Trailing vines of various kinds, amaranth and feathery plumosus, added a grace and softness to the rooms. In one corner beneath a drape of green hung the big snowy wedding veil and here the ceremony was performed by the Rev. Duncan Wallace.

The veranda was screened in with canvas and profusely decorated with green, serving as a charmingly improved music room. And the music of this pretty wedding was one of its chief charms. The bride has for the past several years been a member of the Riggs-Millward recital company, including Miss Millard, Mr. and Mrs. Don Pardee Riggs and Miss Esther McBean. The musical members of the recital company supplied the very beautiful music at the wedding. There was no conventional wedding march, but in its place the service began with the famous and exquisite wedding hymn, "O Perfect Peace," charmingly sung by Mrs. Riggs. The minister had already taken his place while Mrs. Riggs sang, and as the bride, a dainty picture of young womanhood in her soft lingerie wedding gown, with trimmings of baby Irish lace, and her arms filled with white carnations, descended the stairs and was met by the groom, the music of piano and violin by Miss McBean and Mr. Riggs sounded in "Ever True, Ever Faithful" from Faust. When the services began, the music dropped to a delicate pianissimo, continuing through the ceremony. During the evening Mr. Riggs played Schumann's "Abendlied" and "Gavotte" from Ambrosius Thomas "Lignon," and Mrs. Riggs further added to the musical feast with a delightful rendition of "Song of the Heart" by Andrews and Mrs. H. H. A. Beach's "June."

During the evening teas and punch were served with the wedding cake and a merry time was enjoyed when the bride cut the cake containing the usual symbols. The dining room was in pink and green, the color scheme being carried out in quantities of smiles with pink amaranth and a pink mountain rose which was wonderfully effective.

As train time approached, the bride changed her pretty wedding frock for an equally becoming traveling gown of golden brown broadcloth, with hat to match. The destination of the bridal pair is—well, any place one may choose to imagine, for the plans are as yet secret. Upon their return they will be at home after October 5th at 2806 Tuolumne street.

It is a matter of pleasure among Mrs. Willson's admirers that her marriage will not take her away from her work, in which she has been so successful. She will still keep up her work, though not so widely as hitherto.

Miss Ann Shillingsburg of San Jose, who has been the guest of Miss Margaret Clark for the past week, will return tomorrow to her home.

Mrs. Truman Hart and little Miss Helen Hart have returned from a two months' outing at Pismo beach, which attracted its share of Fresnoans this year. Some have bought lots there for summer cottages.

### MUCH CHEAPER

**Grape-Nuts Accomplished What Ocean Travel and Medicine Could Not.**

It's not what you eat, but what you digest that gives strength. Many a man drags around year after year half dead, because his food is not digested and he takes first one kind of medicine and then another without relief—because medicines cannot take the place of well digested food, and never will.

Give nature a fair chance, as a prominent German-American of Chicago did, and if you're in a bad fix from stomach trouble, read what he says and try it on.

"About a year ago," he writes, "I was afflicted with stomach trouble which so bothered me I had to quit work. I grew so lean I was merely skin and bones. I had the advice of six different doctors and I had cancer of the stomach, another advised a change of climate and recommended ocean travel. I decided to follow this last and went abroad for three months.

"But my health became worse and worse. The least amount of food caused me awful pain, and I obtained relief only by having my stomach pumped out.

"Nothing did me any good. Soon I could take no food at all except strained oatmeal; then a time came when I could not even take that. I lost courage and prepared myself to die. At that time my wife brought me a package of Grape-Nuts, but I had no confidence in anything any longer.

"She finally persuaded me to taste a few spoonfuls of the new food and to my surprise I retained it and had no distress. That made me feel fine and encouraged to make another trial for life. For several months I ate nothing else—every day a bowl of Grape-Nuts with cream, and thus I regained my health, my old-time weight and am now as well as ever. I could not live without Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

"There's a reason," read the little book, "The Road to Wellville," in plain

Miss Myrtle Harrell returned last week from a three-months' visit in Los Angeles. She was a member of an out-of-door sketching class during the summer, enjoying some delightful and profitable work.

Mrs. S. F. Glasgow and Miss Zoe Glasgow returned early in the week from their summer outing. They spent six weeks in Santa Cruz, stopping at Stockton en route home, to visit relatives and friends.

The Ladies Aid Society of the Christian church held its first meeting of the fall yesterday afternoon in the church parlors. There was an attendance of fifty or more, all interested in beginning the year's work. Mrs. I. F. Wakefield took the president's chair and the meeting was called to order to discuss plans for the winter's work. Among other things it was decided to hold a rummage sale on the 15th of October. The work of the home department of the Sunday school was discussed at some length and Mrs. M. K. Harris was appointed chairman with four assistants. Mrs. A. D. Chance, Mrs. G. L. Wardlaw, Mrs. A. C. McKee and Mrs. S. H. Redden. It is the duty of this committee to further the interests of the church and Sunday school by visiting the members of the congregation and urging the study of the Sunday school lesson in the home. Each member of the committee takes a section of the city to visit. The question of a choir leader was also discussed, the ladies offering their help in securing one. At the close of the busy session a pleasant social hour was enjoyed in exchanging vacation notes and partaking of some delicious refreshments.

In the parlors of the First Presbyterian church yesterday afternoon the members of the Woman's Missionary Society met after a vacation of several months for a general rally. Gay, the attendance was large and if the meeting indicated what the year will be, there is promise of good things before the society. The usual reports from officers and committees were given and other routine matters dispensed with after the president, Mrs. I. A. Melvin, and Mrs. G. W. Dowds gave delightfully entertaining reports of the annual meeting at Mt. Herman in the Santa Cruz mountains this summer. It is proposed to make these summer conferences similar to the ones held at Winona, the famous Chautauquan meeting place in the East. Mrs. Melvin spent five weeks there this summer and was most enthusiastic in her account of the possibility of the place and its prospects for the future. It will be to the Pacific coast what Winona is to the East. All evangelical denominations are uniting to make it a place of spiritual conference. Miss Minnie Marshall contributed a vocal solo to the program, Mrs. Kittrell a paper on Japan and Mrs. Schaefer one upon "The Necessity of Advance." Following the meeting the ladies adjourned to the social hall below where refreshments were served by Mrs. Sample, Mrs. Anderson and the Misses Norton.

The Whittaker Circle of the First Presbyterian church will hold its first meeting in the ladies' parlor of the Presbyterian church tomorrow afternoon at 2:30 o'clock. This circle has for its boundary I street on the west, O street on the east, Nelson on the north and Tulare street on the south. All ladies of the church and congregation are considered members of this circle, and the chairman is very anxious to meet all of them at the church tomorrow afternoon, as this is the first meeting after the adjournment for the summer season and there will be work to be formulated and other matters to come before the meeting.

Rev. and Mrs. Charles N. Queen and family were formally welcomed to their new church home in Fresno last night by the members of the Congregational church. The pleasant affair was in charge of the ladies of the Aid Society and was largely attended by the members of the church and congregation, besides a number of the ministers of the city.

One of the noticeable pleasant features of the reception was the spirit of good fellowship in evidence and the bond of sympathy already established between the church and its new pastor, who has been so sincerely welcomed by his people. Under the direction of Mrs. Henry Hawson, a most excellent program had been provided for the entertainment of the company. Mrs. Hawson accompanying the soloists most pleasingly. A piano solo, "Tremolo," played by Hershall Lyon, opened the program. He was followed by Mr. G. L. Shirreff, the popular bass singer and whistler, who sang "Anchored" and for an encore, responded with "Sing Me to Sleep." Mr. Hawson then gave an address of welcome to the new pastor and his family on behalf of the church. Most happily were the sentiments of the congregation expressed by Mr. Hawson, who with an ease of expression and ready wit told something of the difficulties which the church has undergone in its pastorless condition for more than a year, and with what genuine joy they greeted the new pastor. As one of the parish committee, Mr. Hawson was personally interested in Mr. Queen's acceptance of the pastorate and largely instrumental in accomplishing the much-wished-for result. It was altogether fitting then that he should have been chosen to give the address of welcome to Mr. Queen and his family.

After the address of welcome, Miss Minnie Marshall entertained with her sweet contralto voice singing Melita's "Absent." Little Miss Irma Johnson followed with a reading, "Poor Little Joe," which received the generous applause it deserved and she responded with a taking little encore. A piano solo by Percy Colbigh, "Alpine Horn," received appreciative applause, calling forth a second number. The next number, by Stewart Queen, son of the pastor, was a clarinet solo, Mendelssohn's "Spring Song." The young man shows much musical feeling and interprets most intelligently.

The address of welcome, by Rev. J. J. N. Kenney on behalf of the pastors of the city was given in his characteristic manner. Mr. Kenney is an especial favorite with the Congrega-

tionalists, who worshipped with his congregation for some months while his church was being rebuilt. He extended a hearty welcome to Mr. Queen to the fellowship of the Ministerial union of this city and bespoke the cooperation of the various churches of the city in the new pastor's behalf.

Miss Maud Hohman, a new soprano singer, who has come here recently from Santa Cruz, contributed a delightful solo to the program. Miss Hohman was soprano soloist in the Congregational church at Santa Cruz, where she was greatly valued. Fresno is fortunate in having added to its ranks of musicians so gifted a singer as Miss Hohman, who possesses a soprano voice of a bell-like clearness combined with strength. She sang Charles Denree's exquisite little lullaby, "Sleep Little Baby of Mine." Not satisfied with one number, the audience insisted upon more and the singer generously responded, singing Cowley's "Forgotten." A whistling solo by Mr. Shirreff concluded the evening's program, with the exception of a short talk from Mr. Queen himself, who in a delightful manner expressed his sincere appreciation of the spirit of welcome extended to him and his family by the kind friends among whom he has come to labor. The ladies had prepared delightful refreshments in the social hall below stairs, where every one assembled at the close of the program.

## WILL RUGBY BE THE GAME?

Question Still Undecided By Local Team.

President Wheeler Makes Strong Plea for Game in High Schools.

The mass meeting called for yesterday afternoon by the High school football captain has been postponed for a few days, in order that those interested in the game might fully think over the contents of a letter received by Principal Olney from President Wheeler of the State University.

The letter, which is printed below, makes a strong plea for the game of Rugby, while the football men at the High school are practically, if not all, in favor of the old game. And it is for this reason that Mr. Olney wishes the boys to take time before deciding which game shall be played.

There seems to be a strong prejudice against the English game, although very few of the High's football candidates have ever seen it played or much less played it. Many seem to think it is a "game game," that it is uninteresting for spectators as well as players, and that it will not arouse school spirit as the old game does.

**President Wheeler's Letter.**  
Berkeley, August 30, 1906.  
My Dear Sir:—I hope there will be no hesitation on the part of the schools of the state in adopting the Rugby game of football, which is hereafter to be played by Stanford and California. The alternative, namely the adoption of the new intercollegiate, involves also the turning of a practically new game into an old one, and I feel that what game will really be. At present it is merely a body of rules on paper. What will be the effect of the rules requiring the side with the ball to make ten yards in three downs and the rule allowing a forward pass, can be established and known only after the proposed game shall have been played for a considerable time. The Rugby game is played all around the globe; New Zealand, Australia, British Columbia, Canada, Scotland, Wales, England and Ireland. Its rules are well understood; the game is known to work; hundreds of thousands see the game played every week and are joyed in it. That is more interesting to the spectator than the intercollegiate is, I think, unquestionable. To the player it is immeasurably more interesting, inasmuch as it involves more variety, and gives each player participation in the various features of the sport. Everyone must take his turn at running, at catching, at kicking, at tackling. The old game had made pushing and shoving the principal feature and had concentrated upon this nine-tenths of the force and activity of the players. Our men have now been practicing Rugby for ten days, and the entire atmosphere of the practice field is different from the old. Then men really enjoy the practice. It is freer and altogether healthier. I prophesy that men will play this game, as they ought to, at all times outside of season, and "just for fun." No one could play the old game except when in training, and what is more, in company with men with whom he trained, because definite evolutions dependent upon signals were necessary.

But the crime consideration for the school seems to me to be that Rugby as a game is relatively even better adapted to the schools than to the universities. If the schools and the universities were to play different games, the intercollegiate should be allotted to the universities and Rugby to the schools. I think, however, that the schools should play the same game, both play the same. There is no doubt that Berkeley and Stanford will all that Berkeley play this game. If the East were to play this game, the game would settle down upon the game represented by their rules on paper, a thing which I do not believe likely to happen, even then we shall certainly continue with Rugby. Playing that game we shall have opportunity of competition and interchange with our neighborly neighbors on the coast and inland of the Pacific. Rugby as the game of Vancouver, Australia, New Zealand and the California universities, may fairly claim to be the Pacific type. I know of no better service which the universities could have rendered to the schools of the state than to provide them with a game of football to take the place of the intercollegiate, which as a game of evolutions rather than a game and a prolonged mechanical strain rather than a free sport had presented itself peculiarly well for the High school age. I am sending you herewith a copy of the rules adopted by the joint athletic committee of the two universities.

Very faithfully yours,  
BENJ. IDE WHEELER.

## COFFEE CLUB IS A FAILURE

Directors Decide to Dispose of Business.

Started It to Benefit Young Men and Now Have a Restaurant.

Because they consider that the Fresno Coffee club has failed in the mission for which they intended it, the promoters of that institution have decided to get it off their hands. The Coffee club, as such, will go out of business within a few weeks. The opinion of the directors is that it has been a "coffee club" in name only for a number of weeks and that from no institution designed merely to attract young men off the streets and away from the saloons at night it has degenerated into a 15 cent restaurant. As a restaurant it has been fairly successful, but the directors of the club, all business men of prominence, don't want to engage in the restaurant business.

The club when it started was modeled after "coffee clubs" in other cities. These clubs are not restaurants, though lunches, such as coffee and cake, are served. The chief purpose is to provide a lounging place, where young men can rest during their idle hours, read and play various games, the place to be made attractive enough to keep them out of the saloons.

The Fresno institution was unfortunately enough to begin business in a room that had been occupied by a restaurant, and the restaurant's patrons naturally dropped in for their meals. The reading room was seldom occupied, the games failed to attract. Before long the coffee club was serving meals and doing a regular restaurant business. The men who started it did not enter the restaurant field and after vainly striving to get the club back to its original basis they decided to get rid of it. It will not be closed for the present, the intention being to continue it as a restaurant until it can be disposed of to one of a number of purchasers who have been negotiating for it.

While the institution has had many patrons it has not been a financial success. Yesterday an attachment was put on the place by E. Hoan, from whom the club purchased a sofa fountain. Hoan's claim was settled last night. A member of the board of directors said last night that there are a number of other creditors to whom small sums are due, but they will all be paid in full, even though the directors have to dig into their pockets to raise the necessary money.

## FISH WERE EXPENSIVE

Japanese Pay \$250 for Dynamiting.

Rosalio Ybarra Succeeds in Breaking His Mother's Will.

On behalf of the Japanese ranch hands who were caught dynamiting fish in Kings river near Centerville on the first of last July, \$250 was paid into the county treasury as a fine yesterday. K. Ima, K. Horita, N. Kawata and S. Shio appeared in Judge Austin's department of the Superior court yesterday afternoon with a number of friends and supporters, and were arraigned on the charge of violating the game laws.

Horita was first permitted to plead guilty, and was sentenced to pay \$250 or spend 125 days in the county jail, whereupon the district attorney moved that the charges against the other offenders should be dismissed. This was done.

Rosalio G. Ybarra has been successful in his contest of the will of his mother, Mrs. Rosa Bermudez. His mother died last summer, leaving a will in which her property was left to a friend, Mrs. Valdez, with the express provision that her son should be disinherited because of his neglect of her.

The son at once began a contest on the ground that his mother had been insane and was incompetent to make a will and had done so under undue influence. Yesterday his attorney, E. A. Williams, appeared in court and obtained a default against Mrs. Valdez, she not appearing to resist the contest of the will.

Judge Austin listened to the trial of a tax title suit, that of William Mann against Susan A. Thornton and others. Mann bought a tax title to 100 acres of land in the West Park country, and is now suing the former owners to quiet title. He was represented by Short & Cook, while M. K. Harris resisted on behalf of the defendants. The case was taken under advisement.

J. Azhorian and John M. Seropian filed an answer to the complaint against them of the corporation named "Seropian Brothers." This is one of the numerous suits over possession of the Seropian packing house at the cherted property connected with it.

Judge Church granted judgment for the plaintiff in the case of Carrie A. Howard against the C. M. L. Howard estate, to quiet title to certain property supposed to have belonged to her deceased husband.

E. Seligman and D. S. Snodgrass filed an amended complaint against T. W. Carr, J. R. Webb and others. This is the suit to quiet title to certain property desired for school purposes in Selma.

Judge Church set the trial of the case of Tavian against Josephine for October 9th.

L. E. Stephens, as a creditor of the late E. S. Sackland, petitioned for letters of administration upon his estate. The property consists of \$100 deposited in the First National bank of Fresno, \$25 in the hands of the Fresno City Railway company, and personal effects worth \$16.

# ANOTHER SEVENTY-FIVE TALES MEN ARE SUMMONED

General Venire of Jurymen Is Now All Drawn in the Effort to Secure Twelve Men to Try Willie Helm, and a Special Venire May Be Required—Two More Jurors Obtained.

F. M. Lovell, farmer, Blackstone, near Fresno.  
E. Keller, farmer, near Clovis.  
M. H. Bixby, farmer, near Olander.  
S. H. Caldwell, farmer, near Clovis.

The second day of the William Helm trial finds the venire of ninety-eight men two-thirds exhausted, and only four jurors secured. At the close of the day, this fact was discussed by the attorneys, and an agreement was arrived at that the last seventy-five names in the jury box should be drawn, and given to Sheriff Collins to be summoned at once.

With eight jurors still to be selected, there is a chance that the jury may not be obtained even after the calling of these seventy-five men, after which the court may be compelled to direct the calling of a special venire.

The men whose names were drawn yesterday will be notified by the deputies in the sheriff's office today, and must be present in court at 2 o'clock tomorrow afternoon. Their names are as follows:

A. Gaudreau, Sanger; G. W. Channery, Fresno; E. H. Nason, Fowler; J. P. Lester, Sanger; J. W. Shuler, Clovis; William Harrison, Fresno; J. S. Taylor, Selma; J. P. Gould, Fresno; Oscar Conjo, D. S. Likens, Fowler; F. E. Preyman, Sanger; John Brazill, Fresno; C. A. Balch, Parlier; E. H. Halton, Selma; E. A. Rassefield, Fresno; H. V. Armitage, Fresno; Frank C. Gray, Fresno; John W. Arnold, Fresno; Fred Morrell, Fowler; W. Y. Douglas, Sanger; C. S. Stone, Kingsburg; Maurice Rorhpura, Fresno; O. J. Steinward, Fresno; Frank Stickle, Malaga; Chris. Jorgensen, Fresno; Aug. Blatner, Selma; E. E. Manheim, Fresno; D. W. Utten, Fresno; Wm. Martin, Olander; Samuel O. Memuch, Malaga; E. R. Jovanovich, Fresno; W. D. Bowen, Fresno; Wm. Rice, Fresno; A. Lopez, Fresno; David Hickey, Fowler; S. M. Briscoe, Fresno; Leroy Lester, Clovis; J. J. Ashlerman, Fresno; W. H. Boyce, Fowler; A. L. Warrapke, Fresno; S. F. Sanderson, Sanger; Peter Miller, Sanger; J. N. Musick, Fresno; L. A. Welsh, Fresno; Z. T. Barr, Selma; A. H. Barringer, Sanger; Fleming McLean, Malaga; G. H. Hampson, Clovis; A. M. Clark, Fresno; E. C. Marshall, Sanger; A. E. Sunderland, Fresno; L. A. True, Parlier; C. M. Macey, Kings River; W. S. Burns, Sanger; E. E. Reynolds, Clovis; C. H. A. Thiele, Olander; S. J. Ashman, Fresno; A. P. McAfee, Fresno; S. C. Brandon, Fowler; Jns. Maden, Olander; M. Sides, Selma; W. W. Machen, Fresno; R. B. Robinson, Fresno; Jens J. Kroger, Fresno; J. J. Bengger, Fresno; J. W. Jackson, Fowler; J. H. Gillson, Olander; George Jensen, Fresno; A. F. Blanton, Kings River; John O. Anderson, Fresno; P. F. McDannell, Del Rey; E. M. Stevens, Selma.

The venire was called, and the sixty-third man summoned, but in the meantime the lawyers for the prosecution sent L. P. Timine, who is assisting in the prosecution, out to make some inquiries. On his return, Attorney Hinds secured permission to ask Mr. Price a few more questions.

"I would like to ask you, Mr. Price, if you are acquainted with the family of the accused?"

"Yes."

"With what ones are you acquainted?"

"With his father and mother, and two of his brothers."

"You are intimately acquainted with them, are you not?"

"Yes."

"That is all," said Hinds. Price was peremptorily excused.

The long day of questioning was disturbed only by one outbreak of eloquence. Once during the forenoon, the prosecution was insisting that a certain juror was qualified to sit on the panel, even though he confessed to having an opinion regarding the merits of the case, as gathered from newspaper reports.

Attorney Fwing addressed the court. "The question to consider," he said, "is whether this man accused of the crime of murder is to have a trial, by an impartial and unprejudiced jury, as the constitution grants all men accused of crime. This venireman has stated that he has an opinion that this man is guilty. He will go into the jury box with that opinion. It is not in human nature that it should not affect his judgment. In all fairness, we demand that the right given him under the law be granted in this case."

Attorney Hinds resisted the disqualification of the juror. "While we are talking about fairness, the court must be fair to the prosecution as well as to the defense. The legislature has said that an opinion shall not disqualify a juror from sitting on a jury. It is such an opinion as is acquired from common rumor or the readings of newspaper reports. The law does not presume that people shall shut their ears to all that is being said and done in the community. It only presumes that men who have no personal knowledge of the facts in the case shall, upon taking the oath of a juror, lay aside all preconceived ideas and give to the juror such justice as they themselves would expect. Judge Church ruled in favor of the prosecution, but it was later found that the juror, Charles A. Mace, had talked over the case with Deputy Sheriff Cummings, and the prosecution admitted that this disqualified him."

G. D. Fetherlin, Peter Hygeund and Charles Farnitz were the three peremptorily challenged by the defense during the day. The latter was one of the jury that convicted Connes two years ago. Years & Ewing were the attorneys in Connes.

Those who were examined during the day and excused by the court for disqualifying bias were: S. N. Belora, G. W. Allen, R. M. Stone, T. A. Dickson, William J. Kittrell, John A. J. Dickson, J. M. Scott, J. N. Rasmussen, B. Egan, William Barry, Louis Elin, John Nels, H. Fugelang, J. F. Simpson, J. N. Hines, Lucius Vinn, R. F. Zimmerman, Wilson G. Hawthorn, M. S. Briggs, F. M. Merritt, M. S. Carrick, A. J. Hudson, R. E. L. Good, Frank H. Ball, Charles A. Mayo and M. Kavanagh.

At the opening of court yesterday morning, the defendants attorneys requested their opponent for a change of venue, which was denied as before and Attorney Fwing intimated in the afternoon that this motion would be repeated again when the question of summoning a special venire should arise.

**Death of Mrs. Larsen.**

# IDENTIFIED AS FRESNO BOY

Roman E. Gonzalez Killed By Owl Monday Night.

Still a Mystery as to How He Met Death—Cousin Suspects Foul Play.

The remains were taken to Stephenson & Co.'s undertaking establishment and early yesterday morning they received word by telephone from a man employed at the Nevada vineyard that, while walking along the track he had found a bloody notebook in which were several pages written in German script which he could not read.

Shortly after this C. E. Smith called at the morgue and identified the clothing and hat as those of his cousin, Roman E. Gonzalez, 21 years old and a sheep-shearer by occupation.

Trembling from great emotion and hardly able to speak, Smith told the boy, he said he lived with his stepfather, M. Cervantes, in the alley between E and F streets, running from Fresno to Mariposa.

"The first time I saw the boy," said Smith, "was on Friday. He and two other boys and two girls had planned to go to Visalia to attend the Mexican celebration. They all came back to Fresno Monday. Ray didn't show up at the house and this morning I asked his friends about him. They had left him, they said, Monday evening. They had all been drinking some. Near the Southern Pacific station they separated, Gonzalez walking down the track and the others going home. That was the last any one ever saw of him. How he got out to Patton is a mystery to me. I never knew him to steal rides before, and I don't believe that he did it then. I think there is something crooked somewhere for the man had plenty of money when he left and a diamond ring on his left hand, but not a penny or the ring has been picked up."

"He has always been a good boy, taking good care of his money and I'm sure he did not spend it all in Visalia."

"The other living relative the boy has is an uncle in the New Idria mines in San Benito county."

**WILDER'S BRIGADE ON  
FIELD OF CHICKAMAUGA**  
Annual Reunion of One of the Famous Organizations of the Civil War.

CHATTANOOGA, Tenn., Sept. 18.—Members of Wilder's brigade, a famous organization in the army of the Cumberland, are arriving in large numbers to attend the annual reunion which begins tomorrow, the forty-third anniversary of the battle of Chickamauga. The brigade was made up of infantry regiments from Indiana and Illinois and was armed with breech-loading rifles, then very rare in the field.

The celebration was to have begun today at Hovver's Gap, where the brigade was heavily engaged in the battle of Chickamauga, but the program was changed and a business session will be held first at the Wilder monument, on Chickamauga battle field. There will be a joint campfire of the blue and gray tomorrow night at the auditorium in Chattanooga. Although ill, General Wilder is expected to be present at the reunion.

# CHIEF SHAW LIFTS LID

Will Tolerate a Regulated Tenderloin.

New Policy Permits Residence Houses to Run—What Will Lyon Do?

Chief of Police Shaw, for the first time since he has been elected chief of police, yesterday discussed what is to be his tenderloin policy. While discussing a set policy, Shaw nevertheless outlined a distinct policy. His attitude of a policy means, apparently, that he has not fully developed his ideas in regard to the district, but expects many of the problems to be determined by practical experience.

Shaw stands for the police regulated tenderloin and stands for it in its present location. The present houses, residential to all outward appearance, will be permitted to run. The fact that they had opened up was published several days ago in the Republican, and now comes the action from the chief of police that they are to be permitted to run. In other words, the E. P. policy has been given up. Not only are the present houses to be permitted to run, but others may be built and run. Shaw says that the places must be run by women of the class. No men are to be permitted to run the houses for profit off the inmates. The "landlady" will be held accountable to the police.

Shaw says that the officers report to him that all the places now running had run all the time the district was supposed to be closed. If the officers are correct, the houses run with great caution. The investigations made by the Republican at the time do not coincide with the reports of the police, for at one time the district was absolutely closed. The women at that time said they would leave town if they were notified the E. P. policy would be modified. Awaiting for the turn of events the women interested lived in their former houses. They were advised by Justice Smith that they might do so provided there was no violation of the law.

It is only recently that there has been an open return to former conditions and now comes the official announcement of toleration. Chief Shaw makes the argument that the evil will exist and for practical purposes a regulated, isolated district is preferable to a scattering of the evil.

As to the so-called crib system, the chief has not fully determined what his future action is to be. The injunction protected places that are running under the guise of soft drink establishments, he will protect against as soon as he can obtain the necessary evidence. Some of the cribs are occupied by Japanese and these have not been interfered with. Whatever the policy may be, Shaw says there will be no return to the former system of certain men lessees of crib property conducting the places under the plan of collections for rent, protection and the like. A police distinction is to be made between

renting a house and renting a crib. Just what attitude Mayor Lyon will take on the lifted lid will be watched with interest. He has repeatedly said publicly that the tenderloin shall not be permitted to open during his administration. There have been reports at various times that the mayor intended to turn the whole matter over to the commissioners, but when he abolished the district he went over the heads of the commissioners. In course, it will be recognized that any lifting of the lid will be a backdown by the mayor from his former position, whether he approves the new policy or merely acquiesces in it.

# CHIEF SHAW LIFTS LID

Will Tolerate a Regulated Tenderloin.

New Policy Permits Residence Houses to Run—What Will Lyon Do?

Chief of Police Shaw, for the first time since he has been elected chief of police, yesterday discussed what is to be his tenderloin policy. While discussing a set policy, Shaw nevertheless outlined a distinct policy. His attitude of a policy means, apparently, that he has not fully developed his ideas in regard to the district, but expects many of the problems to be determined by practical experience.

Shaw stands for the police regulated tenderloin and stands for it in its present location. The present houses, residential to all outward appearance, will be permitted to run. The fact that they had opened up was published several days ago in the Republican, and now comes the action from the chief of police that they are to be permitted to run. In other words, the E. P. policy has been given up. Not only are the present houses to be permitted to run, but others may be built and run. Shaw says that the places must be run by women of the class. No men are to be permitted to run the houses for profit off the inmates. The "landlady" will be held accountable to the police.

Shaw says that the officers report to him that all the places now running had run all the time the district was supposed to be closed. If the officers are correct, the houses run with great caution. The investigations made by the Republican at the time do not coincide with the reports of the police, for at one time the district was absolutely closed. The women at that time said they would leave town if they were notified the E. P. policy would be modified. Awaiting for the turn of events the women interested lived in their former houses. They were advised by Justice Smith that they might do so provided there was no violation of the law.

It is only recently that there has been an open return to former conditions and now comes the official announcement of toleration. Chief Shaw makes the argument that the evil will exist and for practical purposes a regulated, isolated district is preferable to a scattering of the evil.

As to the so-called crib system, the chief has not fully determined what his future action is to be. The injunction protected places that are running under the guise of soft drink establishments, he will protect against as soon as he can obtain the necessary evidence. Some of the cribs are occupied by Japanese and these have not been interfered with. Whatever the policy may be, Shaw says there will be no return to the former system of certain men lessees of crib property conducting the places under the plan of collections for rent, protection and the like. A police distinction is to be made between

renting a house and renting a crib. Just what attitude Mayor Lyon will take on the lifted lid will be watched with interest. He has repeatedly said publicly that the tenderloin shall not be permitted to open during his administration. There have been reports at various times that the mayor intended to turn the whole matter over to the commissioners, but when he abolished the district he went over the heads of the commissioners. In course, it will be recognized that any lifting of the lid will be a backdown by the mayor from his former position, whether he approves the new policy or merely acquiesces in it.

# Our Fall Millinery Opening Takes Place Next Monday and Tuesday—All Welcome

Women's Suit Sale Next Friday, Many \$15 to \$17.50 Suits Will Be Sold For \$7.85—Remember Friday

We shall hold a very important suit sale Friday—one of the best the town has ever seen.

There is this difference between the genuine sale here and the "make believe" so often advertised in Fresno.

We are offering genuine bargains. Goods secured at first hands from big makers and bought in big quantities. Suits that ARE ALL NEW. Suit that any woman will be glad to wear. AND REAL BARGAINS—STICK A PIN THERE!

You may not know it, but some Fresno stores have adopted the policy of hiring "cappers," women who are supposed to induce their friends to make a purchase of a suit or a coat and receive a discount for themselves. The woman thus selected persuades the unsuspecting customer to select a high priced garment on which the dealer has added a big extra profit.

Another trick to make a sale is to ask a high price and if the purchaser hesitates, offer to make a special price for her on account of her "influence."

Just avoid any store that has two prices and you will be safe.

The store that is willing to make two or three prices always asks more than the goods are legitimately worth. We give no discounts, hire no runners, but sell our goods on their merits, and for less value for value than any other store.

Remember the big suit sale Friday.

**\$3.00 Curtains \$1.75.**  
There are silk striped Madras curtains; 3 yards long and 48 inches wide; made with a deep heavy fringed and tasseled border. They may be had in a variety of colored stripes to match the other hangings of the rooms.

**\$5.00 Curtains \$3.69.**  
Silk striped Madras curtains made of what is known as seeded Madras; comes in white or cream; 3 yards long, 54 inches wide; big enough for any window; fringe and tasseled ends; plenty of good colors to choose from.

**Under Vests Nearly Half Priced.**  
Women's sleeveless vests, the good kind and at a real bargain. Listen.

16-23c vests for ..... 9c  
25c vests ..... 14c  
35c vests ..... 19c

**New Ribbons 12c.**  
We are just in receipt of a large consignment of elegant silk ribbons for neck, sash, hair or millinery use. The prettiest we have ever seen to sell at five the yard; 3-12 inches wide, all the good shades. As an extra inducement we offer an entire bolt of 12 yards for \$1.00.

**School Handkerchiefs.**  
The sort that mothers will appreciate: durable, slightly and low priced; neatly hemstitched, quarter inch hem; a dozen for 29c.

**Today You Buy Waists Worth Up to \$2.25 For 98c**

We mean every word of this heading. There are many waists in this offering worth \$2.25; there are others worth \$2 and the poorest is cheap at \$1.50. That's the character of a Redlick sale—genuine from the stand point of any criticism. We are making a clean sweep of some of these garments, throwing in others for good measure, heaping the bargain table up by adding some of the splendid buys of this season so that this waist sale will rank as one of the best of the year.

There are waists of "Coleen" poplin, new this season and silk finished iron frame alpaca, that has the luster of silk and the strength of steel. All the evening shades, as well as the subdued effects desired by so many. Waists for home or street wear; some strictly tailored, others with fanciful tucked fronts and new sleeves, tucked cuffs. Ready this morning at 9.

Our millinery department has broadened and widened its usefulness. It has kept pace with the march of progress of this store.

Skilled hands and fertile brains have been busy for a month preparing for our opening days. We have had the benefit of the experience of the big New York milliners. Our New York office has kept us in constant touch with the new ideas.

We will be ready Monday to show Fresno women artistic and correct millinery. For years Redlick's have furnished the very best of elegant headgear for women. Every year has seen a constant improvement in the store and the stock. This year we will eclipse all previous attempts.

Notwithstanding the fact that we will show the handsomest hats our prices will be the most reasonable of all stores. Allied to the beauty of the Redlick millinery is the certainty of a low price.

We have never asked millinery store profits and we never will.

We have built up the biggest millinery business in Central California by reason of our moderate prices and this season we will emphasize our leadership. Ready Monday.
